

CLASSIC MENU COVERS

The CLASSIC MENU COVER has a traditional look without the heaviness of a hard cover.

The cover is flexible with a menu grade covering material on the exterior. Clear plastic panels are sewn into the front and back covers. Sewn edges and brass corners complete the elegant look.

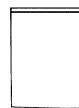

If your menu exceeds two pages, a two panel clear plastic insert can be sewn into the spine to provide room for four additional menu pages.

Custom sizes available. Call for pricing.
